Professional Summary

Currently a 3rd-year Computer Science student, I am a motivated and detail-oriented developer with a strong interest in Data Science. Passionate about deriving insights from data and crafting analytical solutions, I bring hands-on experience in web development and problem-solving through self-driven projects. Dedicated to continuous learning, I aim to contribute my technical skills and enthusiasm to innovative teams focused on data-driven decision-making.

Education

Silver Oak University , Bachelor's of Technology in Computer Science <i>Current CGPA: 8.83 (as of July, 2024)</i>	2022 – Present
Smt. P.B.D. Joshi High School and Secondary School , SSC <i>Secured 78% in Board Examination</i>	2018 – 2019
Smt. P.B.D. Joshi High School and Secondary School , HSC <i>Secured 68% in Board Examination</i>	2020 – 2021

Experience

Web Development Intern MyDailyWork , Remote	<i>July 2024 – August 2024</i>
--	--------------------------------

- Designed and implemented a landing page with responsive and user-friendly UI/UX, improving site aesthetics and accessibility.
- Collaborated with a team to enhance website functionality, integrating JavaScript and Bootstrap for better interactivity.
- Contributed to debugging, optimizing performance, and ensuring cross-browser compatibility for web applications.
- Engaged in weekly discussions with mentors, refining problem-solving skills and gaining hands-on experience with version control using Git.

Blockchain Technology Intern VOIS , Remote	<i>January 2025 – February 2025</i>
---	-------------------------------------

- Gained insights into blockchain fundamentals, smart contracts, and decentralized applications.
- Worked on practical blockchain implementations, learning about security, cryptography, and distributed ledger technologies.
- Developed problem-solving and research skills through real-world case studies and assignments.

Data Science Intern Prodigy InfoTech , Remote	<i>December 2024 – January 2025</i>
--	-------------------------------------

- Successfully completed a 1-month internship in Data Science, applying analytical and machine learning techniques to datasets.
- Worked with Python and libraries like Pandas, NumPy, and Scikit-Learn to analyze and visualize data.
- Gained hands-on experience in model building, training, and evaluation for predictive analysis.

Skills

Programming Languages:

- **Core:** C, C++, Python
- **Web Development:** HTML, CSS, JavaScript, Bootstrap, Tailwind, React
- **Data Science & Analytics:** Pandas, NumPy, Exploratory Data Analysis (EDA)
- **Databases:** MySQL, MongoDB
- **Version Control:** GitHub, Git
- **Software Development:** Object-Oriented Programming (OOP)

Projects

Tic Tac Toe Game

- **Technologies:** HTML, CSS, JavaScript
- Implemented a dynamic gameplay experience using JavaScript functions for logic.

Rock Paper Scissors Game

- **Technologies:** HTML, CSS, JavaScript
- Built a simple Rock Paper Scissors game with real-time user input.
- Incorporated JavaScript for game logic and interactions.

Email Clone

- **Technologies:** HTML, CSS, Bootstrap
- Developed a responsive email clone mimicking popular email interfaces.
- Used Bootstrap to ensure responsiveness and ease of layout adjustments.

Matrimonial Website

- **Technologies:** HTML, CSS, Bootstrap
- Designed a clean and user-friendly interface using HTML and CSS, with Bootstrap for responsiveness.

Portfolio Website

- **Technologies:** HTML, CSS, JavaScript, Bootstrap
- Currently developing a personal portfolio website to showcase my work and skills.

Certificates

- **Mastering Data Structures & Algorithms using C and C++** – Udemy (Aug 2024)
- **IBM SkillsBuild Winter Certification Program - Data Analytics** – CSRBOX (Feb 2025)

Languages

English, Hindi, Gujarati
